

Jessie Pollock's Wish

In February of 2020, we had the honor of celebrating the 107th Birthday of patient, Jessie Pollock. Jessie was a long-time bus driver for St. Clairsville schools. She loves poetry and was taught by her mother at a very young age how to write and recite poems. At her party, she recited a poem that was written in 1913, the year she was born. Jessie's daughter describes her as a sweetheart who is quick-witted, funny and easy to love. She is a joy to all who know her! During her party Jessie said, "I am so blessed. I'm happier than all of you combined." Thank you for letting us celebrate with you, Jessie, it was our honor!

This program would not be possible without the generosity of our community!

Jessie Pollock's Wish

Jessie with her family

Jessie

Valley Hospice nurse, Regan, rode Jessie's bus as a child!
