

Rita Lemley's Wish

In the summer of 2013, Rita Lemley, of Wintersville, was granted a very special Whispered Wish. One of the items on her “bucket list” was a plane ride. Whispered Wishes made that happen! She and her husband, Lester, flew for more than an hour around the Ohio Valley and into Pittsburgh. Helping to make this wish come true were pilot Phillip Bender, of Pier Aviation, who donated his airtime and Dr. Gurdev Purewal, of Steubenville who donated the use of his plane.

Earlier that summer, Rita went zip-lining...another item on her “bucket list!”

This program would not be possible without the generosity of our community!
