

John Yeager's Wish

In July of 2017, Valley Hospice patient John Yeager, of Toronto, was granted a very special Whispered Wish. He and his wife, Joan, traveled to Pittsburgh by limousine and enjoyed a dining cruise aboard the Gateway Clipper Fleet. While cruising the Three Rivers, John and Joan were able to enjoy lunch, take a stroll around the boat and see the fabulous views of the city skyline.

John and his wife Joan met on a blind date in 1945, and have now been married 71 years. They have five children, eight grandchildren and 17 great-grandchildren.

John Yeager's Whispered Wish was very much a community effort. Joe Cutri, of Blackmarket Body & Paint donated the use of his limousine; Jim Pullen volunteered to drive the limousine; and Valley Hospice nurse, Crystal Pasco and her husband Paul accompanied the Yeager's on the trip.

This program would not be possible without the generosity of our community!
